## K-12 schools' partner school

**MINISTRY OF EDUCATION 教育部**

## Why Taiwan?

### 5 reasons to convince you:

1. Safety & high standard of living
2. Quality education at all levels
3. Friendly people
4. Fascinating and vibrant cultures
5. A beautiful island to be explored

The proof is that Taiwan was ranked as the 2nd happiest country in East Asia and 31th happiest in the world, according to the 2024 World Happiness Report.

## What have we done?

To implement Taiwan's national policy "BILINGUAL 2030 PLAN" since 2018 and to connect Taiwan schools with the world, the Ministry of Education proposed the second 'Primary and Secondary International Education White Paper' (also called IE2.0), aiming at the goals of fostering global citizens, promoting education internationalization and expanding global exchanges.

To achieve the above purposes, the Ministry of Education has set up an information and matching platform, **"Taiwan Partner School Finder"** (TPSF) to bridge Taiwan's schools and international partners.

## Exchange Activities:

There are 4 types of exchange activities on the TPSF platform as follows：

### Inbound Activities
Schools in Taiwan and foreign countries are encouraged to propose reception programs for teachers and students from partner schools.

### Outbound Activities
Schools in Taiwan and foreign countries are encouraged to organize a delegation to visit partner schools.

### Online Activities
Schools in Taiwan and foreign countries are encouraged to propose online exchange activities, such as pen pal programs, SDGs classes, language and cultural exchange activities, etc.

### Educational Trip Program
Taiwan, Japan and Korea establish program contacts respectively under the support of government to match bilateral exchange partner schools for the program on a large scale.
