Why Taiwan?

5 reasons to convince you:

- 1 Safety & high standard of living
- 2 Quality education at all levels
- 3 Friendly people
- 4 Fascinating and vibrant cultures
- 5 A beautiful island to be explored

The proof is that Taiwan has been ranked 26th in the [2022 World Happiness Report](#) and it has also outranked other Asian countries.

What have we done?

To implement Taiwan's national policy "BILINGUAL 2030 PLAN" since 2018 and to connect Taiwan schools with the world, the Ministry of Education proposed the second 'Primary and Secondary International Education White Paper' (also called IE2.0), aiming at the goals of fostering global citizens, promoting education internationalization and expanding global exchanges.

To achieve the above purposes, the Ministry of Education has set up an information and matching platform, "International Exchange Window" (IEW) to bridge Taiwan's schools and international partners.
