

How can we introduce items in our Culture Box?

Class : _____ Name : _____ No : _____

Describe a Taiwanese cultural item in English and share your personal story. Let's help our global partners learn about our life!

以英文描述台灣文化物品的特徵，並加入你的個人故事，幫助國外夥伴透過物件認識我們的生活與文化。

Step 1: Learn from Examples

- 大同電鍋 (The Datong Rice Cooker)

This is a **Datong Rice Cooker**. It is a **bright red, rounded metal pot**. It looks very simple, but it is very strong. I remember when I was sick last winter, my grandmother used this cooker to make chicken soup for me. The warm smell made me feel much better. For Taiwanese people, the cooker is not just a tool; it shows the 'warmth of home.' It shows that we care about our family. Does your family have a special cooking tool that brings back warm memories?

- 筊杯 (Moon Blocks)

These are **Moon Blocks, or Jiao-Bei**. They are **two red, heart-shaped pieces made of wood**. We use them in temples to talk to gods. I remember going to the temple with my mother before a big exam. I felt very nervous, but after using the Moon Blocks, I felt peaceful. To us, these blocks show hope. They show our faith in life. How do people in your culture find peace when they are worried?

Step 2: My Brainstorming

請針對你分配到的文物，完成以下筆記，可用中文或英文：

Please write down your ideas about the item in Chinese or English:

1. 它看起來像什麼？ **What does it look like?** (Color, shape, material)

2. 它怎麼使用？ **How is it used?** (When? Where? Who uses it?)

3. 我的個人故事 **My Special Memory:** (Who or where do you think of? How do you feel?)

Tip: When I see/use it, I remember...

4. 我想問國外夥伴的問題。
My question for you is...

Step 3: My Final Writing
