

Global Warming-What Can We Do?

● COP 26

1. Do you think developed countries and developing countries will take the same attitude toward the same problem (global warming and climate change)? If yes, why? If no, why not?

2. As people of _____(a country), what will you do in the next five years to fight global warming? Think of at least two sentences to make a claim.

以該國家人民的身分用至少兩句發言表明你的國家面對全球暖化與氣候變遷的立場。

(1) As people of _____(a country), we consider it important/necessary/essential/difficult (for _____) to... (because...).

e.g. As people of India, we consider it difficult for us to solve the problems caused by climate change because we have too many people.

(2) 寫出你的需求。

e.g. We need more financial support.
