

Tainan Gueiren Elementary School

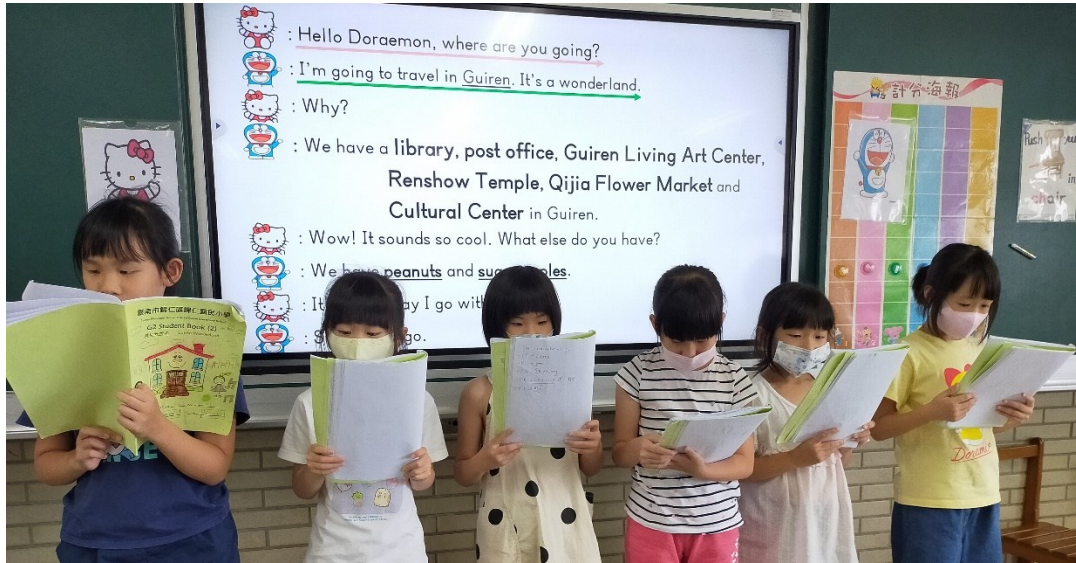

About G.R.E.S.

As one of elementary schools having the longest history in Tainan, Gueiren Elementary has possessed profound cultural and historical treasures within, and based on which also developed many outstanding alumni leading various fields. G.R.E.S. now is a school featuring environmental, information, international education, and other diversified activities.

International Education

International Education is one of the emphases in G.R.E.S. where teaching group is dedicated to providing directly contacting opportunities for students and combining international elements into different courses. It is notably that G.R.E.S. is now partnered with Sheridan Park Elementary of the U.S.A. to establish a cooperation relationship of Eco-Campus.

English Education

The English courses all follows the Grade 1-9 curriculum guidelines. Furthermore, we think the best way to learn English is to absorb in daily life, so in addition to the classes several implementations like bilingual signs, English Day, Reading Corners, and Festival Activities are added into schedule, arranging a sound English learning environment for students.

About G.R.E.S.

The Context of Gueiren Elementary School.

Gueiren Elementary School (GRES) was founded in 1920 (the 9th year of the Republic of China Era), and has always been the prominent school for culture and education in Gueiren area. Located at No.100, Wenhua 1st St in Gueiren District of Tainan City, its campus is 3 hectares, in which the buildings, trees and plants are well-planned, including several buildings for different functions, 20-year-old royal palms, and 50-year-old Honduran mahoganys, and has been a wonderful place for children's learning, living and childhoods for many years.

Furthermore, the served and present principals have also been dedicated to the improvement of the school environment, educational facilities and teaching quality, and the harmony among students, parents and the community for the purpose of making G.R.E.S. a safe, joyful and comfortable "teaching and learning" environment.

The Current Gueiren Elementary School.

After consideration of resources, student demand, teaching facilities and future opportunities, G.R.E.S. is now dedicated into environmental issues, information technology abilities, international education, and other diversified activities as the major teaching objectives. With continuous effort and transformation, the student population and number of classes are both increasing. Currently there are 34 classes including 2 kindergarten classes and 4 special education classes, and student population is 810, which is expected to increase in the future due to continuous success in education. With the great school environment, powerful teaching group and brilliant administration, G.R.E.S. has achieved countless successes in Tainan education and developed several outstanding alumni leading all kinds of field in Taiwan society, making G.R.E.S. become one of the most popular school in Tainan.
