With many Preschools around you, it must be difficult to choose the right one for your child. Some of the questions you may ask yourself are:

- ♥ What is Playway?
- ♥ What difference can quality early education make to a child's later learning?
- ♥ Will your child be able to transition well into class 1 in a regular school?

This is just some of the questions that you might ask yourself and it's fair. You want the best for your Child and we are here to provide just that.
